• Inpatient professional services		
• Outpatient therapy sessions		

**Lifetime Maximum Benefit**

Unlimited  
(participating and nonparticipating combined)

### **Prior authorization**

Humana sometimes requires preauthorization for some services and procedures your physician or other provider may recommend for you. Humana does this solely to determine whether the service or procedure qualifies for payment under your benefit plan. You and your health care provider decide whether you should have such services or procedures. Humana's preauthorization determination relates solely to payment by Humana. To find a list of services and supplies that require preauthorization for coverage, please visit our Website at [Humana.com/members/tools](https://www.humana.com/members/tools) or call Customer Service.

Failure to obtain necessary preauthorization when required may result in a reduction of otherwise payable benefits. Your health care practitioner should call Customer Service to obtain preauthorization.

### **Payments**

Participating providers agree to accept amounts negotiated with Humana as payment in full. The member is responsible for any required deductible, coinsurance, or other copayments. Plan benefits paid to nonparticipating providers are based on maximum allowable fees, as defined in your Certificate of Insurance.

Nonparticipating providers may balance bill you for charges in excess of the maximum allowable fee. You will be responsible for charges in excess of the maximum allowable fee in addition to any applicable deductible, coinsurance, or copayment. Additionally, any amount you pay the provider in excess of the maximum allowable fee will not apply to your out-of-pocket limit or deductible.

**Primary care and specialist physicians and other providers in Humana's networks are not the agents, employees or partners of Humana or any of its affiliates or subsidiaries. They are independent contractors. Humana is not a provider of medical services. Humana does not endorse or control the clinical judgment or treatment recommendations made by the physicians or other providers listed in network directories or otherwise selected by you.**

**To be covered, expenses must be medically necessary and specified as covered. Please see your Certificate for more information on medical necessity and other specific plan benefits.**

- (1) You are not required to meet individual deductibles once the family deductible has been met.
- (2) Copayments for visits to primary care physicians, as defined in the plan, are generally lower than for visits to specialists. The following are generally defined as primary care physicians under your plan: general practitioner, family practitioner, pediatrician or internist.
- (3) Ambulance transportation and/or services received in an emergency room are not covered unless required because of emergency care, as defined in your Certificate.

**Before applying for coverage, please refer to the Regulatory Pre-enrollment Disclosure Guide for a description of plan provisions which may exclude, limit, reduce, modify or terminate your coverage. Limitations and exclusions to coverage apply even if a health care practitioner has performed or prescribed a medically appropriate procedure, treatment or supply. This does not prevent your health care practitioner from providing or performing any procedure, treatment or supply. This guide is available at [Humana.com/members/enrollment-center/pre-enrollment-disclosures](https://www.humana.com/members/enrollment-center/pre-enrollment-disclosures) or through your sales representative.**

The amount of benefit provided depends upon the plan selected. Premiums will vary according to the selection made.

For general questions about the plan, contact your benefits administrator.

## PRE-EXISTING CONDITION EXCLUSION

If the plan imposes a pre-existing condition exclusion, and you have a medical condition before coming to our plan, you might have to wait a certain period of time before the plan will provide coverage for that condition. This exclusion applies only to conditions for which medical advice, diagnosis, care, or treatment was recommended or received within a 6-month period. Generally, this 6-month period ends the day before your coverage becomes effective. However, if you were in a waiting period for coverage, the 6-month period ends on the day before the waiting period begins. The pre-existing condition exclusion does not apply to pregnancy; genetic information in the absence of a diagnosis of the condition related to the information; or to a child who is enrolled in the plan within 31 days after birth, adoption, or placement for adoption.

This exclusion may last up to 9 months (15 months if you are a late enrollee) from your first day of coverage, or if you were in a waiting period, from the first day of your waiting period. However, you can reduce the length of this exclusion period by the number of days of your prior "creditable coverage". Most prior health coverage is creditable coverage and can be used to reduce the pre-existing condition exclusion if you have not experienced a break in coverage of at least 63 days. To reduce the 9-month (or 15-month) exclusion period by your creditable coverage, you should give us a copy of any certificates of creditable coverage you have. If you do not have a certificate, but you do have prior health coverage, we will help you obtain one from your prior plan or issuer. There are also other ways that you can show you have creditable coverage. Please contact us if you need help demonstrating creditable coverage.

All questions about pre-existing condition exclusion and credible coverage should be directed to Humana Enrollment at 2432 Fortune Drive, Lexington, KY 40509 or 1-800-872-7207.

Offered by Humana Health Plan, Inc. and insured by Humana Insurance Company
